OPEN & HONEST — ALI IMPERIALE

Module 1

Designer Relationship Worksheet

Define exactly what kind of open relationship works for both of you.
Because "open" means different things to different people.

💎 Step 1: What Are We?

Each partner checks the style that resonates most. You can each pick different ones — that's the starting point for discussion.

👤 Partner A

  Mostly monogamous, with occasional flexibility (e.g., threesomes, flirting)
- ◯ **Swinger**
  Sexual experiences with others, usually together as a couple
- ◯ **Poly-lite**
  Open to emotional connections, but the primary relationship comes first
- ◯ **Fully Open**
  Both partners free to date and form relationships independently
- ◯ **Don't Ask, Don't Tell**

How much information do you want before and after experiences with others?
