Travel Safety Checklist

Your go-bag checklist for exploring the lifestyle while travelling. Fill this out before every new destination.

🌍 **Destination:** City, Country

📅 **Date:** MM/DD/YYYY

🎒 Essentials — Don't Leave Without

- [ ] **Condoms (your own supply)**
  Never rely on anyone else's. Bring more than you think you'll need.
- [ ] **Lube (travel-size)**
  Not always easy to find in every country. Bring your preferred brand.
- [ ] **Cash in local currency**
  Always have cash. Cards can fail, and some venues are cash-only.
  Amount: e.g., 2000 THB / $100 USD
- [ ] **Phone fully charged + portable charger**
  Your phone is your lifeline — location sharing, taxi apps, emergency calls.
- [ ] **Hotel address written down**
  In case your phone dies. Write it on paper or save it offline.
  Hotel: Name & address

📱 Phone & Digital Safety

- [ ] **Location sharing ON with partner**
  Google Maps, Find My, or WhatsApp live location. Always on.

  Uber, Grab, Bolt, or whatever works locally. Test it before you need it.

  App: e.g., Grab, Bolt

- [ ] **Burner phone or secondary SIM**

  Optional, but useful if you want to keep your main number private.

- [ ] **Dating apps set up for this location**

  Update your location on Feeld/Tinder. Check what apps are popular locally.

  Local apps: e.g., Feeld, Tinder, local app

🚨 Safety Protocol

- [ ] **Local emergency number saved**

  Not always 911. Look it up before you arrive.

  Emergency #: e.g., 191 (Thailand), 911 (Mexico)

- [ ] **Nearest hospital / clinic located**

  Know where to go if something goes wrong. Save the address.

  Hospital: Name & address

- [ ] **Check-in time agreed with partner**

  Set a time for a text or call, especially during solo play.

  Check-in time: e.g., 11:00 PM

- [ ] **"Come get me" safe word set**

  Different from the jealousy code word. This means "I need out — no questions asked."

  Safe word: Our emergency word is...

- [ ] **Exit plan discussed**

  How do you leave a venue quickly? Know your route, have cash for a taxi, keep your phone charged.

🏢 Venue Research

- [ ] **Lifestyle clubs researched**

  Google "[city] lifestyle club" or "[city] swinger club." Check reviews and membership requirements.

  Club(s): Names & addresses

- [ ] **Dress code / entry rules checked**

  Many clubs have strict dress codes or couples-only policies. Don't show up unprepared.

- [ ] **Local laws checked**

  Some countries have strict laws around sex work, LGBTQ+ activity, or even public displays of affection. Know before you go.
